

Alderburgh Ltd

Project: **Airbus Wing Factory**

Location: **Broughton, Cheshire**

Client: **BAE Airbus**

Architect: **Faulkner Brown**

Contractor: **Laing O'Rourke**

Installation
Contractor: **Lainton Services Ltd**

Date: **January 2008**

Project details:

This building contained a number of vast pits, which required both gas barrier and structural waterproofing.

Solution

Tuflex geomembrane was used to provide a combined waterproof and gas proof solution; all laps were fully welded.
